Create Employee Profile – Valid Basic Details
Human Resources (HR)
P1
Functional
User is logged in with HR-Admin role; HR module is accessible; no existing employee with the same UHID.
1. Launch the HMS web portal and log in with valid HR-Admin credentials.
2. Navigate to Hospital Support Services ▶ Human Resources ▶ Functions ▶ Employee Profile ▶ Basic Details.
3. Click the "Add New Employee" button.
4. Enter valid data in all mandatory fields: UHID (unique 10-digit numeric), First Name, Last Name, Date of Birth, Gender, Email (proper format), Mobile No. (10-digit), Emergency Contact, and Employment Start Date.
5. Click "Save".
6. Verify that a confirmation pop-up appears with the message "Employee details saved successfully."
7. Close the pop-up and search for the newly created UHID using the employee search field.
8. Open the employee record and confirm that all entered values are displayed exactly as
The system saves the record, shows the success pop-up, and the employee profile can be retrieved with all fields matching the input values. No error messages are shown.
